The Institution integrates cross-cutting issues relevant to gender, environment and sustainability human values, health determinants, Right to Health and emerging demographic issues and Professional Ethics into the Curriculum as prescribed by the University / respective regulative councils

Year	Aspects	Course	Syllabus & hours	Descriptions of the course
2023-2024	Gender	B.Sc. Nursing (IV Semester)	Genetics Unit I (2 Hrs)	The Institute has been sensitive to the improvement of students and doesn't discriminate based on gender by having a healthy academic and social environment. Gender sensitization programmes are regularly conducted under the National Service Scheme (NSS). Community Health Nursing Department teaches the students topics such as gender-sensitive issues, female feticide, menstrual hygiene, equal property rights, Women's role and status and its impact on family, dowry, the importance of a girl's education, sexual harassment and women's empowerment. The Institute celebrates International Women's Day by organizing lectures by eminent personalities.
		Basic B.Sc. 4 th Year	Community Health Nursing- II Unit V(15Hrs)	
		P.B.B.Sc 2 nd Year	Sociology Unit III (10 Hrs)	

	Environment & Sustainability:	B.Sc. Nursing (III Semester)	Adult Health Nursing (15 Hrs)	Environmental awareness and sustainability programmes are regularly conducted through NSS and the Community Health Nursing Department to increase environmental awareness. Keeping in view the importance of the environment and sustainability, various steps have been taken by the college to sensitize students by promoting "go green" initiatives. Students also organize various environmental sanitation, water conservation, and pollution prevention programmes in the community, both urban and rural area.
		B.Sc. Nursing (III Semester)	Applied Microbiology Unit X (2 Hrs), Unit XI (2 Hrs)	
Human values		B.sc Nursing (I Semester)	Applied Sociology Unit II (15Hrs), Unit III(8Hrs)	The institute always believes in preparing students to be good human beings. The institute inculcates appropriate language, behaviour, and expressions for respectful interpersonal relationships among colleagues while providing nursing services. Under the nursing foundation, human values are taught in the first year before students are placed in the hospital for clinical experience. The college has an active anti-ragging cell to ensure a ragging-free environment.
		B.Sc. Nursing (II Semester)	Health / Nursing Informatics And Technology Unit IX (4Hrs)	
		B.Sc. 4 th Year	Management of Nursing Services & Education Unit V (5 Hrs)	
Health determinants		B.sc Nursing (I Semester)	Applied Sociology Unit III (8 Hrs), Unit IV(8Hrs)	As per the university's curriculum prescribed for the community health nursing department, the following

		B.sc Nursing (I Semester)	Applied Psychology Unit III (5Hrs)	topics are covered: aspects of health determinants like income and social status, social support networks, education and literacy, employment/working conditions, social environments, physical environments, personal health practices, coping skills, healthy child development, biology and genetics endowment, and health services.

		M.sc 1 st Year	Community Health Nursing Unit II (10 Hrs)	
	Right to health	B.sc Nursing (II Semester)	Nursing Foundation II Unit I(20Hrs)	Health is a fundamental right guaranteed to every citizen of India under Article 21 of the Indian Constitution. Programs and workshops are conducted for students to explain the right to health, nutrition, lifestyle, environment, and genetics, which are considered core determinants and the four pillars of health.
		P.B.B.sc 1 st year	Fundamental of Nursing Unit II (12 Hrs)	
		P.B.B.sc 2 nd year	Community Health Nursing Unit III (10HRS)	
	Emerging Demographic issues:	P.B.B.sc 2 nd year	Sociology Unit VI (5HRS)	Demographic issues such as population explosion, distorted male-female ratio, and population pyramid, as well as urban-rural disproportionate growth and its imbalance on health infrastructure, are taught as part of the community health nursing syllabus and through workshops, seminars, and
		M.sc 1 st Year	Community Health Nursing Unit III (15HRS)	

				programmes involving the community.
Professional ethics:	B.sc Nursing (I Semester)	Applied Psychology Unit X(2 Hrs),	Graduates are prepared to become exemplary citizens by adhering to the code of ethics and professional conduct at all times in fulfilling personal, social, and professional obligations. They respect human differences and the diversity of society's population, provide ethical care with respect and dignity, and protect their rights. The Mental health nursing department provides necessary leadership in this regard.
