

**Environment Facilities With
Geotagging**

Student Centric Methods Are Used For Enhancing Learning Experiences By

1. Experiential learning
2. Integrated / interdisciplinary learning
3. Participatory learning
4. Problem solving methodology
5. Self directed learning
6. Patients –centric and evidence based learning
7. Learning in the humanities
8. Project based learning
9. Role play

1. Experiential Learning

History Collection From Patients In The Hospital Under The Supervision Of Faculty

Physical Examination On The Patient In The Hospital

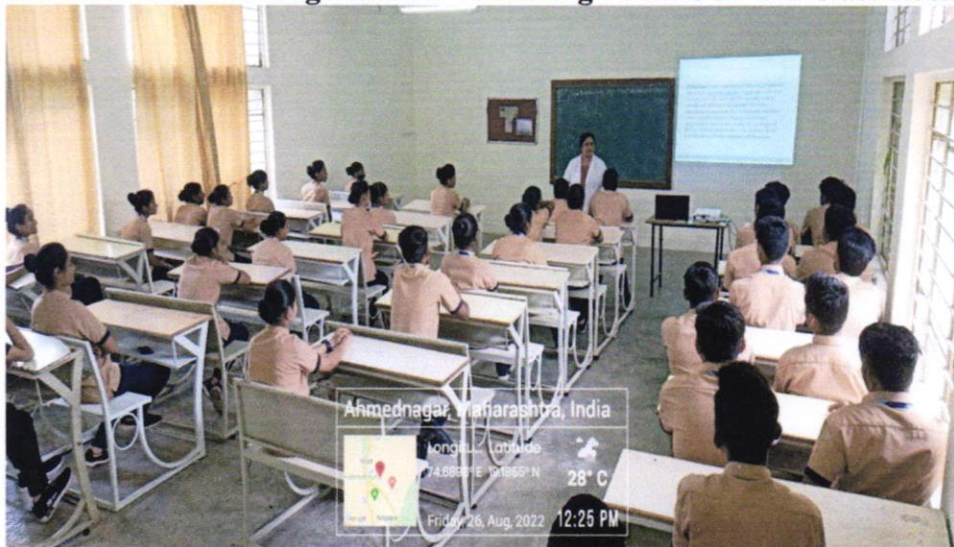

P. Achardekar
Principal
Dr.V.V.P.F's College of Nursing
Ahmednagar

Providing Nursing Care To The Patient Admitted In Surgical ICU

First Year B.Sc. Nursing Students Attending Lecture In The Class Room

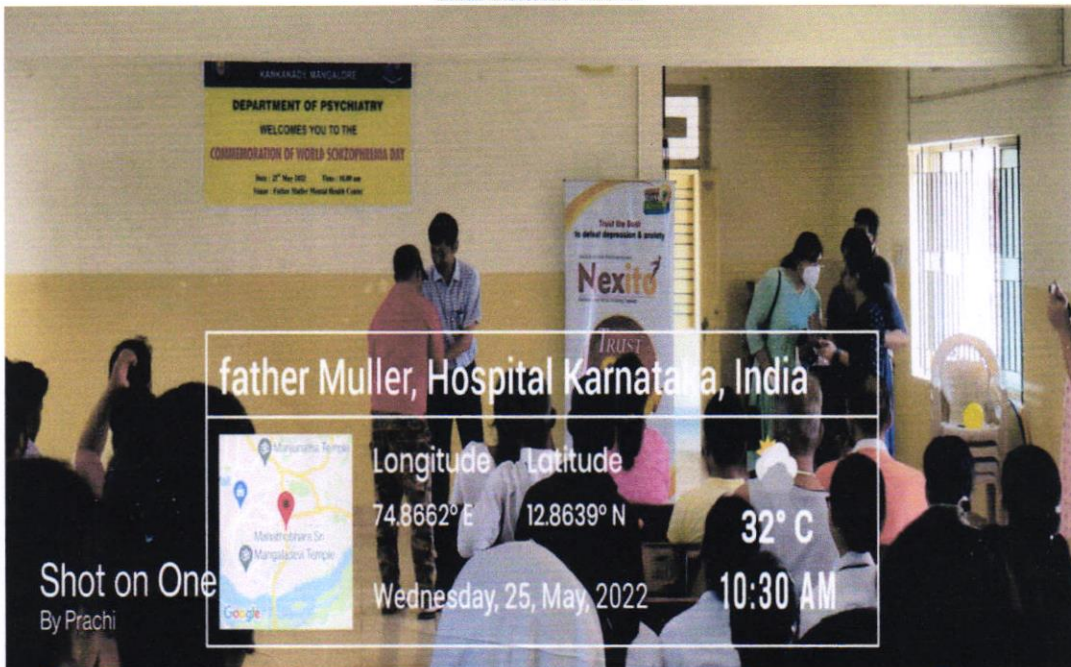

P. Achende Kar
Principal
Dr.V.V.P.F's College of Nursing
Ahmednagar

Second Year B.B.Sc Nursing Visited Dialysis Unit of Dr Vikhe Patil Memorial Hospital

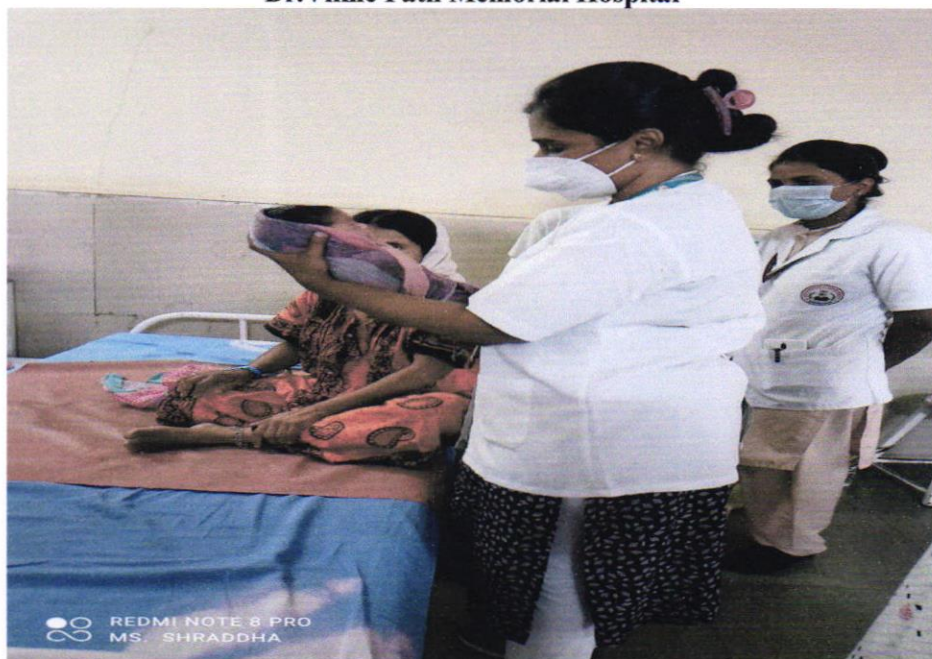

PG Students Posted for Mental Health Nursing Clinical Posting at Father Muller Hospital Karnataka India

P. Achadekar
Principal
Dr.V.V.P.F's College of Nursing
Ahmednagar

**Faculty Demonstrating Mummification to the student and Mother In The Pediatric Ward of
Dr.Vikhe Patil Memorial Hospital**

MS. SHRADDHA
Principal
Dr.V.V.P.F's College of Nursing
Ahmednagar

2. Integrated and Interdisciplinary Learning

Lecture on Structure of Kidney in Anatomy Department

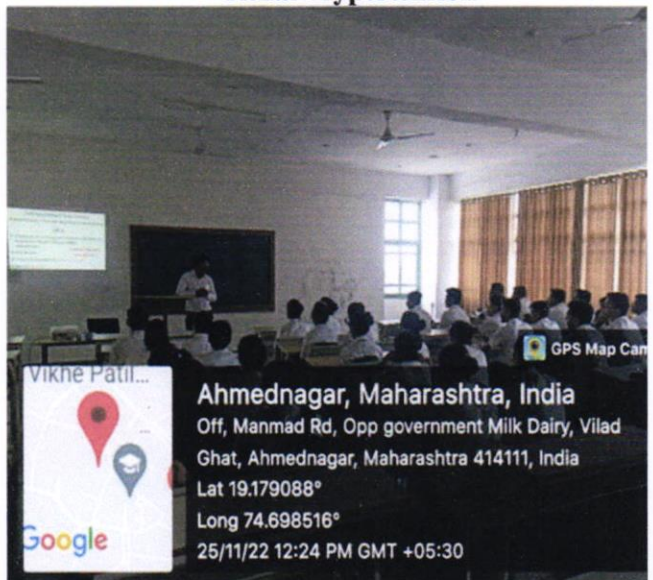

Urinary Test in Microbiology lab

Lecture on Function of Kidney in Physiology Department

Pharmacology Dept- Pharmacological Management Renal Hypertension

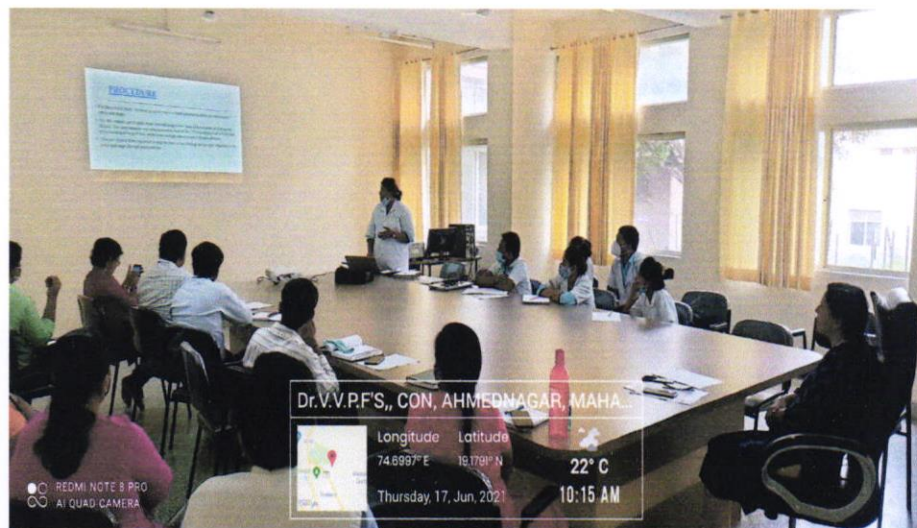

Achardekar
Principal
Dr.V.V.P.F's College of Nursing
Ahmednagar

3. Participatory Learning

Small Group Discussions - Clinical Investigations In The Nursing College

Research Article Presentation Under Journal Club Activity In The Conference Hall

Richard Kar
Principal
Dr.V.V.P.F's College of Nursing
Ahmednagar

Students Participated in Community /Field Activities-Home Visit

M. Chaudhary
Principal
Dr.V.V.P.F's College of Nursing
Ahmednagar

4. Problem Solving Methodologies

In ICU Student checked Patient Does Not Received Humidified Oxygen 2 Lit/Hr. During PBL Faculty showing functioning of oxygen regulator or flow meter and water in the container for humidified oxygen to the patients who is on oxygen supply .

Prachi Desai
Principal
Dr.V.V.P.F's College of Nursing
Ahmednagar

PROBLEM BASED LEARNING

Problem Scenario/ Explore the issue-

60 years old male is admitted in ICCU with acute onset of shortness of breath. On admission he is been advice oxygen 2 lit/hr. Staff nurse has started Oxygen but patient is not receiving humidified oxygen as per the prescribed rate. How you will administered oxygen as per doctors order.

Debrief the problem

60 years old male is admitted in ICCU with acute onset of shortness of breath. On admission he is been advice oxygen 2 lit/hr. Staff nurse has started humidified Oxygen and flow of oxygen is as per prescribed rate as per doctors order.

Present the Solution-

1. Assemble the venture mask as per the manufacture instructions to deliver the ordered Fio2.
2. Check flow meter , and water level in humidifier container
3. Attach O2 connecting tubing to flow meter and set appropriate flow rate of ordered Fio2

Determine The Best Fit Solution

1. Assembled the venture mask as per the manufacture instructions to deliver the ordered Fio2.
2. Checked flow meter & humidifier container for water level .Water is added at marking level
3. Attached O2 connecting tubing to flow meter and set appropriate flow rate of ordered Fio2 .

What is known

1. Patents does not getting humidified 2 Lit /Hr oxygen
2. Problem with the flow meter and humidifier
3. Clinching of oxygen tubing of leakage

Define the issue-

Patient does not receiving humidified oxygen 2 lit/hr?

Explore The Curriculum

1. Check the flow meter & Tubing's and humidifier container and its water level
2. Assemble the venture mask as per the manufacture instructions

Research and Knowledge

1. Check physician order and identify the patient .
2. Assemble the venture mask as per the manufacture instructions to deliver the ordered Fio2.
3. Check flow meter and humidifier container for its water level
4. Attach O2 connecting tubing to flow meter and set appropriate flow rate of ordered Fio2

RESOLVE THE PROBLEM

Achaddekar
Principal

Dr.V.V.P.F's College of Nursing
Ahmednagar

Fourth Year Basic B.Sc Nursing Students Utilizing Library Hours For Their Self Study

Final Year PG Students Presenting Seminar In The Board Room

Prachi Desai
Principal
Dr.V.V.P.F's College of Nursing
Ahmednagar

Students Participated In Small Group Discussion

Students Learning Family Case Study In The Community By Collecting Family Health Information

M. Chandekar
Principal
Dr.V.V.P.F's College of Nursing
Ahmednagar

6. Patients Centric and Evidence-Based learning

**Third Year Basic B.Sc. Nursing student doing case discussion in pediatric ward
Physical examination The Pediatric ward as proved by the literature**

Case Based / Evidence-Based Learning By Performing Physical Examination And Laboratory Investigation

Prachandekar
Principal
Dr.V.V.P.F's College of Nursing
Ahmednagar

7. Learning in the Humanities

Guest Lecture On Social Issues organized In The College of Nursing Auditorium

Guest lecture on Cyber Crime Organized in The College of Nursing Auditorium

P. A. Chaudhary
Principal
Dr.V.V.P.F's College of Nursing
Ahmednagar

8. Project Based Learning

Project on Types of Fracture

Project on Making Lochia Models

M. Chaudhary
Principal
Dr.V.V.P.F's College of Nursing
Ahmednagar

9. Role play

Role play : Prevention of H1N3 Virus Infection In The Community

Role play: Prevention of AIDS Transmission and its management- students had performed role play in The Hospital OPD

P. Chandelkar
Principal
Dr.V.V.P.F's College of Nursing
Ahmednagar
