 - 6) Distribution of syllabus in Question Paper is only meant to cover entire syllabus within the stipulated frame. The Question paper pattern is a mere guideline. Questions can be asked from any paper's syllabus into any question paper. Students cannot claim that the Question is out of syllabus. As it is only for the placement sake, the distribution has been done.
 - 7) Use a common answer book for all sections.

SECTION "A" (40 Marks)

1. Short answer question (**any five** out of six) : [5 × 5 = 25]
- a) Difference between gastric & duodenal ulcer.
 - b) Principles of underwater seal drainage.
 - c) Nurses responsibility in blood transfusion.
 - d) Health education for a patient with hypertension.
 - e) Responsibilities of a scrub nurse.
 - f) Types of fractures.

2. Long answer question (**any one** out of two) : [1 × 15 = 15]
- a) Mr. Nath 60 yrs. old male is admitted to CCU. He has been diagnosed as a case of congestive cardiac failure.
- Explain the clinical manifestation of congestive cardiac failure.
 - List down nursing diagnosis.
 - Write nursing care plan for Mr. Nath on the basis of priority problems.
- b) Describe the types of diabetes mellitus. Explain the pathophysiology of diabetes mellitus. Prepare a health teaching plan on diabetic diet & diabetic foot care.

SECTION "B" (35 Marks)

3. Short answer question (**any four** out of five) : [4 × 5 = 20]
- Non-pharmacological measures for management of pain.
 - Nurses responsibility in colostomy care.
 - Rehabilitation of patient with knee amputation.
 - Care of patient undergoing bone marrow aspiration.
 - Care of patient with skeletal traction.
4. Long answer question (**any one** out of two) : [1 × 15 = 15]
- Explain the clinical manifestation of pulmonary tuberculosis. Write down the drug regimen & explain the health education for pulmonary tuberculosis.
 - Mr. Ram is admitted with chronic renal failure. Explain the stages of CRF with clinical manifestation. List down nursing diagnosis & develop nursing care plan for any two priority problem.

Second Basic B.Sc. Nursing Examination, Phase - II
Summer - 2022
MEDICAL SURGICAL NURSING - I

Total Duration : 3 Hours

Total Marks : 75

- Instructions :**
- 1) Use **blue/black** ball point pen only.
 - 2) **Do not** write anything on the **blank portion of the question paper**. If written anything, such type of act will be considered as an attempt to resort to unfair means.
 - 3) **All questions are compulsory.**
 - 4) The number to the **right** indicates **full marks**.
 - 5) Draw diagrams **wherever necessary**.
 - 6) Distribution of syllabus in Question Paper is only meant to cover entire syllabus within the stipulated frame. The Question paper pattern is a mere guideline. Questions can be asked from any paper's syllabus into any question paper. Students cannot claim that the Question is out of syllabus. As it is only for the placement sake, the distribution has been done.
 - 7) Use a common answerbook for all sections.

SECTION "A" (40 Marks)

1. Short answer question (**any five** out of six) : **[5 × 5 = 25]**
 - a) Stages of wound healing.
 - b) Pulmonary embolism.
 - c) Management of fluid & electrolyte imbalance.
 - d) Health education to the patient of diabetes mellitus.
 - e) Care of leprosy patient.
 - f) Portal hypertension.

2. Long answer question (**any one** out of two) : **[1 × 15 = 15]**
 - a)
 - i) Describe clinical features of fracture.
 - ii) Classify fracture.
 - iii) Write in detail care of patient with below knee amputation.

62602

- b) i) Describe clinical features and diagnostic tests of Myocardial infarction.
- ii) Explain the management of patient with Myocardial infarction in first 24 hours.
- iii) Enlist the complications of Myocardial infarction.

SECTION "B" (35 Marks)

3. Short answer question (any four out of five) : [4 × 5 = 20]

- a) Responsibilities of scrub nurse.
- b) Mitral stenosis.
- c) Care of HIV/AIDS patient.
- d) Psoriasis.
- e) Care of patient with chest drainage.

4. Long answer question (any one out of two) : [1 × 15 = 15]

- a) i) Describe pathophysiology of Chronic Renal Failure.
- ii) Explain medical and nursing management of Chronic Renal Failure.
- iii) Write in detail about hemodialysis.
- b) i) Describe clinical features of intestinal obstruction.
- ii) Write management of patient with intestinal obstruction.
- iii) Write in detail about colostomy care.

Second BASIC B.Sc. Nursing Examination, (Phase - III) Winter - 2021
MEDICAL SURGICAL NURSING - I

Total Duration : Section A + B = 3 Hours

Total Marks : 75

SECTION - A & SECTION - B

- Instructions :**
- 1) Use **blue/black** ball point pen only.
 - 2) **Do not** write anything on the **blank portion of the question paper**. If written anything, such type of act will be considered as an attempt to resort to unfair means.
 - 3) **All questions are compulsory.**
 - 4) The number to the **right** indicates **full marks**.
 - 5) Draw diagrams **wherever necessary**.
 - 6) Distribution of syllabus in Question Paper is only meant to cover entire syllabus within the stipulated frame. The Question paper pattern is a mere guideline. Questions can be asked from any paper's syllabus into any question paper. Students cannot claim that the Question is out of syllabus. As it is only for the placement sake, the distribution has been done.
 - 7) Use a common answerbook for all sections.

SECTION - A (40 Marks)

1. Short answer question (any five out of six): [5 × 5 = 25]
 - a) Define COPD and enlist the clinical manifestations.
 - b) Duodenal ulcer.
 - c) Management of pain in postoperative client.
 - d) Pulmonary T.B.
 - e) Explain the pathophysiology of Benign hypertrophy of prostate.
 - f) Foot care in diabetes mellitus.

62602

2. Long answer question (any one out of two): [1 × 15 = 15]
- Mr. A, 50 years old male is admitted to the CCU and diagnosed as Myocardial infarction. Define MI and list the clinical manifestations. Write the medical and pharmacological management of this patient. Write the nursing care plan for 3 priority nursing diagnosis for the patient.
 - Enumerate the causes of acute renal failure (ARF).
Explain the pathophysiology of ARF.
Describe the nursing care plan for two priority nursing diagnosis.

SECTION - B (35 Marks)

3. Short answer question (any four out of five): [4 × 5 = 20]
- Management of hypovolaemic shock.
 - Gastrostomy feeding.
 - Diet in peptic ulcer.
 - Risk factors for deep vein thrombosis.
 - Responsibilities of OT nurse.
4. Long answer question (any one out of two): [1 × 15 = 15]
- Define intestinal obstruction. Write the pathophysiology of intestinal obstruction. Write the nursing management of case undergone surgery.
 - Define typhoid.
Describe its pathophysiology of typhoid fever.
Write clinical manifestations of typhoid fever.

Second Basic B.Sc. Nursing Examination, Summer - 2021
MEDICAL SURGICAL NURSING - I

Total Duration : 3 Hours

Total Marks : 75

- Instructions :**
- 1) Use **blue/black** ball point pen only.
 - 2) **Do not** write anything on the **blank portion of the question paper**. If written anything, such type of act will be considered as an attempt to resort to unfair means.
 - 3) **All** questions are **compulsory**.
 - 4) The number to the **right** indicates **full** marks.
 - 5) Draw diagrams **wherever** necessary.
 - 6) Distribution of syllabus in Question Paper is only meant to cover entire syllabus within the stipulated frame. The Question paper pattern is a mere guideline. Questions can be asked from any paper's syllabus into any question paper. Students cannot claim that the Question is out of syllabus. As it is only for the placement sake, the distribution has been done.
 - 7) Use a common answer book for all sections.

SECTION - "A" (40 Marks)

1. Short answer question (**any five** out of six) : [5 × 5 = 25]
- a) Care of patient with traction.
 - b) Stress adaptation.
 - c) Management of patient with fever.
 - d) Systemic Lupus Erythematosus (SLE)
 - e) Hemodialysis.
 - f) Stages of wound healing.

2. Long answer question (**any one** out of two) : [1 × 15 = 15]

- a) i) Define Diabetes Mellitus. Enumerate types of diabetes mellitus.
- ii) Discuss the signs and symptoms of diabetes mellitus.
- iii) Describe medical management and write nursing care plan for patient with diabetes mellitus.
- b) i) Define Peptic ulcer.
- ii) Describe the signs and symptoms of gastric ulcer.
- iii) Discuss the medical, surgical and nursing management of patient with gastric ulcer.

SECTION - "B" (35 Marks)

3. Short answer question (**any four** out of five) : [4 × 5 = 20]

- a) Fluid and Electrolyte imbalance.
- b) Biomedical waste management.
- c) Pulmonary Tuberculosis.
- d) National AIDS control program.
- e) Dengue Fever.

4. Long answer question (**any one** out of two) : [1 × 15 = 15]

- a) i) Define Angina Pectoris.
- ii) Enumerate the signs and symptoms of angina pectoris.
- iii) Describe the medical management and health teaching for patient with angina pectoris.
- b) i) Define Cirrhosis of Liver.
- ii) Discuss the pathophysiology of cirrhosis of liver.
- iii) Describe the medical and nursing management of patient having cirrhosis of liver.

Second Basic B.Sc. Nursing Examination, Winter - 2020
MEDICAL SURGICAL NURSING-I

Total Duration : Section A+B = 3 Hours

Total Marks : 75

SECTION - A & SECTION - B

- Instructions :**
- 1) Use blue/black ball point pen only.
 - 2) Do not write anything on the blank portion of the question paper. If written anything, such type of act will be considered as an attempt to resort to unfair means.
 - 3) All questions are compulsory.
 - 4) The number to the right indicates full marks.
 - 5) Draw diagrams wherever necessary.
 - 6) Distribution of syllabus in Question Paper is only meant to cover entire syllabus within the stipulated frame. The Question paper pattern is a mere guideline. Questions can be asked from any paper's syllabus into any question paper. Students cannot claim that the Question is out of syllabus. As it is only for the placement sake, the distribution has been done.
 - 7) Use a common answerbook for all sections.

SECTION - A (40 Marks)

1. Short answer question (any five out of six) : [5 × 5 = 25]
- a) Standard safety measures.
 - b) Wound healing.
 - c) Types of Hemorrhage.
 - d) Nurses responsibilities in blood transfusion.
 - e) Colostomy care.
 - f) Infection control in Operation Threatre.

62602

2. Long answer question (any one out of two) : [1 × 15 = 15]
- a) i) Define pneumonia [2 marks]
 - ii) Write etiology & enlist the classification of pneumonia [5 marks]
 - iii) Discuss on medical and nursing management of pneumonia [8 marks]
 - b) i) Write the risk factors of Pancreatitis [5 marks]
 - ii) Enlist the clinical manifestation of the pancreatitis & discuss the surgical management of pancreatitis [4 marks]
 - iii) Discuss pre and post operative nursing management of patient with pancreatitis [6 marks]

SECTION - B (35 Marks)

3. Short answer question (any four out of five) : [4 × 5 = 20]
- a) Hemodialysis.
 - b) Bronchoscopy.
 - c) Thrombocytopenia.
 - d) Care of unconscious patient.
 - e) Care of patient on ventilator.
4. Long answer question (any one out of two) : [1 × 15 = 15]
- a) i) Define tuberculosis [3 marks]
 - ii) Discuss the etiology and clinical manifestation of tuberculosis [5 marks]
 - iii) Write briefly on medical and nursing management of a patient with tuberculosis [7 marks]
 - b) i) Define chronic renal failure and write the causes of chronic renal failure [3 marks]
 - ii) List the signs and symptoms of chronic renal failure [5 marks]
 - iii) Discuss dietary and nursing management of chronic renal failure [7 marks]

Second Basic B.Sc. Nursing Examination, Summer
(Phase - III : All Other Remaining UG/PG Courses) - 2020
MEDICAL SURGICAL NURSING - I

Total Duration : 3 Hours

1. Short answer questions (any five out of six) : [5 × 5 = 25]
- a) Fever.
 - b) Emphysema.
 - c) Pulmonary embolism.
 - d) Appendicitis.
 - e) Concept of Health and Illness.
 - f) Abdominal paracentesis.

N - 2658

P.T.O

62602

2. Long answer question (any one out of two) :

[1 × 15 = 15]

- a) i) Define Hypertension.
- ii) Explain etiology & clinical manifestation of hypertension.
- iii) Write collaborative management of hypertension.
- b) i) Define AIDS (acquired immune deficiency syndrome)
- ii) Explain Mode of transmission of HIV Infection.
- iii) Write National AIDS control program.

SECTION - "B" (35 Marks)

3. Short answer question (any four out of five) :

[4 × 5 = 20]

- a) Amputation.
- b) Psoriasis.
- c) Diabetes insipidus.
- d) Renal calculi.
- e) Thalassemia.

4. Long answer question (any one out of two) :

[1 × 15 = 15]

- a) i) Define congestive cardiac failure (CCF).
- ii) Explain types & etiology of CCF.
- iii) Write Nursing Management of patient with CCF.
- b) i) Define Liver cirrhosis.
- ii) Explain types of liver cirrhosis.
- iii) Write Medical management of liver cirrhosis.
