

Fourth Basic B.Sc. Nursing (Old) Examination, Winter - 2022
MIDWIFERY AND OBSTETRICAL NURSING

Total Duration : Section A + B = 3 Hours

Total Marks : 75

SECTION - A & SECTION - B

- Instructions :**
- 1) Use **blue/black** ball point pen only.
 - 2) **Do not** write anything on the **blank portion of the question paper**. If written anything, such type of act will be considered as an attempt to resort to unfair means.
 - 3) **All questions are compulsory.**
 - 4) The number to the **right** indicates **full marks**.
 - 5) Draw diagrams **wherever necessary**.
 - 6) **Distribution of syllabus in Question Paper is only meant to cover entire syllabus within the stipulated frame. The Question paper pattern is a mere guideline. Questions can be asked from any paper's syllabus into any question paper. Students cannot claim that the Question is out of syllabus. As it is only for the placement sake, the distribution has been done.**
 - 7) **Use a common answerbook for all sections.**

SECTION - A (40 Marks)

1. Short answer question (any five out of six) : [5×5=25]
- a) Partograph.
 - b) Minor ailments of pregnancy.
 - c) Amniotic fluid embolism.
 - d) Oxytocin.
 - e) Difference between true and false labour pain.
 - f) Management of Rh incompatibility in pregnancy.

2. Long answer question (**any one** out of two) : [1×15=15]
- a) i) Define Normal Puerperium. [2]
 ii) What are the different types of lochia. [6]
 iii) Explain in detail about the physiological changes during puerperium. [7]
- b) i) Define Hyperemesis gravidarum. [2]
 ii) Write down the etiology, clinical manifestations of hyperemesis gravidarum. [7]
 iii) Describe the nursing management of hyperemesis gravidarum. [6]

SECTION - B (35 Marks)

3. Short answer questions (**any four** out of five) : [4×5=20]
- a) Management of heart disease in pregnancy.
 b) Antenatal advices.
 c) Perineal tear.
 d) Benefits of ultrasonography in obstetrics.
 e) Episiotomy.
4. Long answer questions (**any one** out of two) : [1×15=15]
- a) i) Define abortion. [2]
 ii) Write down the various types of abortion. [6]
 iii) Discuss in detail about septic abortion and its nursing management. [7]
- b) i) Define caesarean section. [2]
 ii) Explain the types and indications of caesarean section. [6]
 iii) Describe the pre-operative, and post-operative care of patient undergoing Caesarean section. [7]

Fourth Basic B.Sc. Nursing Examination, (Phase - II) Summer - 2022
MIDWIFERY & OBSTETRICAL NURSING

Total Duration : 3 Hours

Total Marks : 75

- Instructions :**
- 1) Use **blue/black** ball point pen only.
 - 2) Do not write anything on the **blank portion of the question paper**. If written anything, such type of act will be considered as an attempt to resort to unfair means.
 - 3) **All questions are compulsory.**
 - 4) The number to the **right** indicates **full** marks.
 - 5) Draw diagrams **wherever** necessary.
 - 6) Distribution of syllabus in Question Paper is only meant to cover entire syllabus within the stipulated frame. The Question paper pattern is a mere guideline. Questions can be asked from any paper's syllabus into any question paper. Students cannot claim that the Question is out of syllabus. As it is only for the placement sake, the distribution has been done.
 - 7) Use a common answer book for all sections.

SECTION - "A" (40 Marks)

1. Short Answer Questions (Solve any 5 Out of 6) : [5 × 5 = 25]
- a) Neonatal Assessment.
 - b) Oxytocin.
 - c) Abruptio Placenta.
 - d) Amniocentesis.
 - e) Bishop Score.
 - f) Define contraceptive. And explain intra uterine contraceptives.
2. Long Answer Questions (Solve any 1 Out of 2) : [1 × 15 = 15]
- a) i) Define premature baby. (2)
ii) Enlist causes of prematurity. (5)
iii) Discuss care of premature baby. (8)

62801

- b) i) Define obstructed Labour. (2)
ii) Write maternal and foetal causes of obstructed labour. (6)
iii) Discuss the nursing management and client with obstructed labour. (7)

SECTION - "B" (35 Marks)

3. Short Answer Questions (Solve any 4 Out of 5) : [4 × 5 = 20]

- a) Parental Counselling.
b) Fertilization.
c) Induction of Labour.
d) USG in obstetrics.
e) Maternal mortality and nurse's role.

4. Long Answer Questions (Solve any 1 Out of 2) : [1 × 15 = 15]

- a) i) What is Rh incompatibility? (2)
ii) List the maternal and foetal complications. (5)
iii) Discuss the role of antenatal counselling in prevention of complications and preparation for safe confinement in these cases. (8)
- b) i) Define polyhydramnios. (2)
ii) Discuss effects of polyhydramnios on mother and foetus. (5)
iii) Describe management of antenatal woman with polyhydramnios. (8)

Fourth Basic B.Sc. Nursing Examination, (Phase - III) Winter - 2021
MIDWIFERY AND OBSTETRICAL NURSING

Total Duration : 3 Hours

Total Marks : 75

- Instructions :**
- 1) Use blue/black ball point pen only.
 - 2) Do not write anything on the **blank portion of the question paper.** If written anything, such type of act will be considered as an attempt to resort to unfair means.
 - 3) **All questions are compulsory.**
 - 4) The number to the **right** indicates **full** marks.
 - 5) Draw diagrams **wherever** necessary,
 - 6) Distribution of syllabus in Question Paper is only meant to cover entire syllabus within the stipulated frame. The Question paper pattern is a mere guideline. Questions can be asked from any paper's syllabus into any question paper. Students cannot claim that the Question is out of syllabus. As it is only for the placement sake, the distribution has been done.
 - 7) Use a common answer book for all section.

SECTION "A" (40 Marks)

1. Short answer question (any five out of six) : [5 × 5 = 25]
 - a) Difference between male & female pelvis
 - b) Polyhydramnious and its management.
 - c) Oxytocin
 - d) Signs and symptoms of pregnancy.
 - e) Activities carried out in antenatal clinic.
 - f) Postmaturity and its effects on fetus and mother.

2. Long answer question (any one out of two) : [1 × 15 = 15]
 - a) Define normal labour, Explain physiological changes in first stage of labour, Discuss management of first stage of labour
 - b) Enlist complications of puerperium. Discuss medical and nursing management of puerperal sepsis.

62801

SECTION "B" (35 Marks)

3. Short answer question (any four out of five) : [4 × 5 = 20]
- a) Magnesium Sulphate (MgSO₄).
 - b) Immediate Care of new born.
 - c) National Rural Health Mission (NRHM).
 - d) Explain classification of abortion
 - e) Levels of neonatal care.
4. Long answer question (any one out of two) : [1 × 15 = 15]
- a) Enumerate causes of Iron deficiency anemia in pregnancy. Explain effects of anemia on fetus, discuss management of severe anemia in pregnancy.
 - b) Enlist obstetric emergencies. Discuss types of breech presentation, Explain management of footling presentation.

**Fourth Basic B.Sc. Nursing Examination, Summer - 2021
MIDWIFERY AND OBSTETRICAL NURSING**

Total Duration : Section A + B = 3 Hours

Total Marks : 75

Section - A & Section - B

- Instructions :**
- 1) Use **blue/black** ball point pen only.
 - 2) **Do not** write anything on the **blank portion of the question paper**. If written anything, such type of act will be considered as an attempt to resort to unfair means.
 - 3) **All questions are compulsory.**
 - 4) The number to the **right** indicates **full marks**.
 - 5) Draw diagrams **wherever necessary**.
 - 6) Distribution of syllabus in Question Paper is only meant to cover entire syllabus within the stipulated frame. The Question paper pattern is a mere guideline. Questions can be asked from any paper's syllabus into any question paper. Students cannot claim that the Question is out of syllabus. As it is only for the placement sake, the distribution has been done.
 - 7) Use a common answer book for all Sections.

SECTION - "A" (40 Marks)

1. Short answer question (any five out of six) : [5 × 5 = 25]
 - a) Use of Ultra sonography in Obstetrics.
 - b) Partograph.
 - c) Physiology of lactation.
 - d) Ventouse Delivery.
 - e) Apgar Score.
 - f) Management of cord prolaps.

2. Long answer question (any one out of two) : [1 × 15 =15]
 - a) i) Define placenta praevia. (2)
 - ii) Explain clinical features of placenta praevia. (6)
 - iii) Describe medical and Nursing management of client with Placenta Praevia. (7)

N - 2670

P.T.O.

62801

- b) i) Define Obstructed labour. (2)
- ii) Write maternal and foetal causes of Obstructed labour. (6)
- iii) Discuss the nursing management of client with Obstructed labour.(7)

SECTION - "B" (35 Marks)

3. Short answer question (any four out of five): [4 × 5 = 20]

- a) Kangaroo mother care.
- b) Inj. Magnesium Sulphate.
- c) Methods of medical termination of pregnancy in 2nd trimester.
- d) Hydatidiform mole.
- e) Induction of labour.

4. Long answer question (any one out of two): [1 × 15 = 15]

- a) i) Define puerperium. (2)
- ii) Write anatomical and physiological changes that occur during puerperium. (6)
- iii) Explain postnatal management of primipara. (7)
- b) i) What is Occiputo posterior position? (2)
- ii) Write the causes of Occiputo posterior position? (6)
- iii) Describe three possible outcomes of Occiputo posterior position.(7)

**Fourth Basic B.Sc. Nursing Examination, Summer
(Phase - III : All Other Remaining UG/PG Courses) - 2020
MIDWIFERY AND OBSTETRICAL NURSING**

Total Duration : 3 Hours

Total Marks : 75

- Instructions :**
- 1) Use **blue/black** ball point pen only.
 - 2) **Do not** write anything on the **blank portion of the question paper**. If written anything, such type of act will be considered as an attempt to resort to unfair means.
 - 3) **All questions are compulsory.**

Questions can be asked from any paper's syllabus into any question paper. Students cannot claim that the Question is out of syllabus. As it is only for the placement sake, the distribution has been done.
 - 7) Use a common answer book for all sections.

SECTION - A (40 Marks)

1. Short answer questions (**any five** out of six) : **[5 × 5 = 25]**
- a) History taking before obstetrical examination.
 - b) Bishop Scoring.
 - c) Oxytocin.
 - d) Physiological changes during 1st trimester of pregnancy.
 - e) Episiotomy.
 - f) Non Stress test.

2. Long answer questions (**any one** out of two): [1 × 15 = 15]
- a) i) Define fertilization and implantation. [4]
 ii) Explain the spermatogenesis and oogenesis. [5]
 iii) Male factors and female factors contributing to infertility. [6]
- b) i) Define contraception. [2]
 ii) Explain the different methods of contraception. [8]
 iii) Plan health education for a primipara regarding family planning. [5]

SECTION - B (35 Marks)

3. Short answer questions (**any four** out of five): [4 × 5 = 20]
- a) Incompetent Os and management.
 b) Identification of an high risk pregnancy.
 ✓ c) Monilial vaginitis.
 d) Asphyxia neonatrum.
 e) Intrauterine death.

4. Long answer questions (**any one** out of two): [1 × 15 = 15]
- a) Mrs. Lata, 32 years delivered twins. Answer the following:
- i) Enumerate the causes of multiple pregnancy. [3]
 ii) Discuss the management of twins' weighing 2000 gm and 1900 gm respectively. [4]
 iii) What advice would you give the mother on discharge. [3]
 iv) Write down priority nursing care plan for Mrs. Lata. [5]
- b) ✓ i) Explain the degrees of uterine prolapse. [5]
 ✓ ii) Discuss the pre and post operative management of patient with uterine prolapse. [5]
 ✓ iii) Mention the complications of prolapsed uterus & its management. [5]

**Fourth Basic B.Sc. Nursing Examination, Winter (Phase - III All
Other Remaining UG/PG Course) - 2019
MIDWIFERY AND OBSTETRICAL NURSING**

Total Duration : Section A + B = 3 Hours

Total Marks : 75

SECTION - A & SECTION - B

- Instructions :**
- 1) Use **blue/black** ball point pen only.
 - 2) **Do not** write anything on the **blank portion of the question paper**. If written anything, such type of act will be considered as an attempt to resort to unfair means.
 - 3) **All questions are compulsory.**

Questions can be asked from any paper's syllabus into any question paper. Students cannot claim that the Question is out of syllabus. As it is only for the placement sake, the distribution has been done.
 - 7) Use a common answer book for all sections.

SECTION - "A" (40 Marks)

1. Short answer question (any five out of six): [5 × 5 = 25]
 - a) Polyhydramnios.
 - b) Physiology of first stage of labour.
 - c) Epiziotomy.
 - d) Breast feeding.
 - e) Inversion of the uterus.
 - f) Antenatal exercises.

2. Long answer question (any one out of two) [1 × 15 = 15]
 - a)
 - i) Define breech presentation, [2]
 - ii) Etiology and diagnosis of breech. presentation, [7]
 - iii) Describe the management of vaginal breech delivery [6]
 - b)
 - i) Define postpartum haemorrhage, [2]
 - ii) Explain the causes and prevention. [7]
 - iii) Describe management of true postpartum haemorrhage [6]

SECTION "B" (35 Marks)

3. Short answer question (any four out of five) [4 × 5 = 20]
- a) Minor ailments in pregnancy.
 - b) Threatened abortion.
 - c) Foetal circulation.
 - d) Assessment of mother for highrisk pregnancy.
 - e) Physiology of lactation.
4. Long answer question (any one out of two): [1 × 15 = 15]
- a) i) Define IUGR, [2]
 - ii) Describe etiology and diagnosis of IUGR, [7]
 - iii) Explain the complications and management of IUGR [6]
 - b) i) Define antenatal care, [2]
 - ii) Write the aims and objectives of family planning, [6]
 - iii) Describe the intrauterine contraceptive devices [7]

**Fourth Basic B.Sc. Nursing Examination, Summer (Phase - II) 2019
MIDWIFERY AND OBSTETRICAL NURSING**

Total Duration : 3 Hours

Total Marks : 75

- Instructions :**
- 1) Use **blue/black** ball point pen only.
 - 2) **Do not write anything on the blank portion of the question paper.** If written anything, such type of act will be considered as an attempt to resort to unfair means.
 - 3) **All questions are compulsory.**

Questions can be asked from any paper's syllabus into any question paper. Students cannot claim that the Question is out of syllabus. As it is only for the placement sake, the distribution has been done.
 - 7) Use a common answer book for all sections.

SECTION - A (40 Marks)

1. Short answer questions (**any five** out of six) : [5 × 5 = 25]
 - a) Role of a nurse in Midwifery and Obstetrics.
 - b) Amniotic fluid.
 - c) Antenatal advice.
 - d) Episiotomy.
 - e) Types of separation of placenta.
 - f) Hyperemesis Gravidarum.

2. Long answer questions (**any one** out of two):
 - a) i) Define Placenta Praevia and Abruptio placenta. [2]
 - ii) Discuss the types of Placenta Praevia. [4]
 - iii) Differentiate between Placenta praevia & Abruptio placenta. [4]
 - iv) Explain management of a patient with placenta praevia. [5]

- b) i) Define Isoimmunisation. [1]
 ii) Explain the clinical manifestations of the haemolytic disease of the fetus. [4]
 iii) Discuss- Injection Anti- D. [3]
 iv) Discuss in detail about the antenatal, intranatal & postnatal management of a Rh negative mother with Rh positive fetus. [7]

SECTION - B (35 Marks)

3. Short answer questions (**any four** out of five) : [4 × 5 = 20]

- a) Obstetrical emergencies.
 b) Breast complications in puerperium.
 c) Injection Methargin.
 d) Emergency Contraceptive measures.
 e) Care of a preterm neonate.

4. Long answer questions (**any one** out of two) :

- a) i) Define Abortion. [2]
 ii) Explain the types of abortion. [4]
 iii) Discuss about - Threatened abortion. [4]
 iv) Explain- Medical Termination of pregnancy. [5]
 b) i) What is polyhydramniotic. [1]
 ii) List down etiology of polyhydramniotic. [2]
 iii) Discuss management of polyhydramniotic. [4]
 iv) List down the complications of polyhydramniotic. [3]
 v) Discuss abnormalities of placenta and cord. [5]

 - 7) **Use** a common answerbook for **all** Sections.

SECTION – A (40 Marks)

1. Short answer question (**any five** out of six): (5×5=25)
 - a) Describe the Fetal Circulation with a diagram. 1/2
 - b) Explain briefly about Antenatal Advice. 3
 - c) Describe the causes of Maternal mortality and morbidity. 3/2
 - d) Discuss the steps of Fertilization. 1
 - e) Physiology of Menstrual Cycle.
 - f) Explain the new born care provided by Nurses in Labour Room. 3

2. Long answer question (**any one** out of two): (1×15=15)
 - a) Define Placenta. Discuss the Obstetric and Nursing Management of Placenta Previa.
 - b) What do you mean by malpresentation? List the common Malpresentations. Describe briefly about breech Presentation.

P.T.O.

SECTION - B (35 Marks)

3. Short answer question (any four out of five) : (4x5=20)

- a) Discuss the breast problems in puerperal Period. ⁻²
- b) Difference between caput succedaneum and cephal haematoma.
- c) Describe the Pain relief and comfort in labour. ⁻¹
- d) Explain the Temporary methods of family planning. ⁻³
- e) Discuss the sign and symptoms of first stage of Labour. ⁻³

4. Long answer question (any one out of two) : (1x15=15)

- a) Define oligohydramnios, Discuss its effects on the fetus, Describe in detail the management of a mother with oligohydramnios in first stage of labour.
- b) What do you mean by Rh incompatibility ? Discuss the clinical manifestations of haemolytic disease. Discuss the role of a nurse in preventing the complications and preparing for a safe confinement during antenatal counseling sessions.

Winter 2016

(1x15=15)

P.T.O.

62801

Fourth Basic B.Sc. Nursing Examination, Summer 2016
MIDWIFERY AND OBSTETRICAL NURSING

Total Duration : Section A + B = 3 Hours

Total Marks : 75

SECTION – A & SECTION – B

- Instructions :**
- 1) Use **blue/black** ball point pen only.
 - 2) Do not write anything on the **blank portion of the question paper**. If written anything, such type of act will be considered as an attempt to resort to unfair means.
 - 3) **All** questions are **compulsory**.
 - 4) The number to the **right** indicates **full** marks.
 - 5) Draw diagrams **wherever** necessary.
 - 6) Distribution of syllabus in Question Paper is only meant to cover entire syllabus within the stipulated frame. The Question paper pattern is a mere guideline. Questions can be asked from any paper's syllabus into any question paper. Students cannot claim that the Question is out of syllabus. As it is only for the placement sake, the distribution has been done.
 - 7) **Use** a common answer book for **all** sections.

SECTION – A (40 Marks)

1. Short answer questions (**any five** out of six) : (5×5=25)
 - a) ~~USG in Obstetrics~~
 - b) Injection Magnesium Sulphate
 - c) ~~Abruptio placenta and its management~~
 - d) ~~Maternal morbidity and mortality~~
 - e) ~~Psychological complication during puerperium~~
 - f) ~~Temporary methods of family planning~~
2. Long answer question (**any one** out of two) : (1×15=15)
 - a) ~~Define normal labour. Explain physiological changes during first stage of labour. Discuss briefly the management of woman in first and second stage of labour.~~
 - b) Define Cord presentation and cord prolapse. Explain the etiology and diagnosis of cord prolapse. Describe management of woman with cord presentation.

P.T.O.

SECTION – B (35 Marks)

3. Short answer question (**any four** out of five) :

(4×5= 20)

- a) National policy and legislation in relation to maternal health
- b) Hyperemesis gravidarum
- c) Intrauterine growth retardation
- d) Prolonged labour
- e) Injuries to birth canal during second stage of labour

4. Long answer question (**any one** out of two) :

(1×15= 15)

- a) Define the term postpartum haemorrhage. Explain causes and types of postpartum haemorrhage. Describe management of woman with atonic postpartum haemorrhage.
- b) List various cases of high risk pregnancy. Explain the diagnosis of heart diseases in pregnancy. Describe antenatal and intranatal management of woman with heart disease in pregnancy.

62801

Fourth BASIC B.SC. NURSING, Winter 2015
Midwifery and Obstetrical Nursing

Total Duration: Section A+B = 3 Hours

Total Marks : 75

Section - A & Section - B

Instructions:

- 1) Use blue/black ball point pen only.
- 2) Do not write anything on the **blank portion of the question paper**. If written anything, such type of act will be considered as an attempt to resort to unfair means.
- 3) **All questions are compulsory.**
- 4) The number to the **right** indicates **full marks**.
- 5) Draw diagrams **wherever** necessary.
- 6) Distribution of syllabus in Question Paper is only meant to cover entire syllabus within the stipulated frame. The Question paper pattern is a mere guideline. Questions can be asked from any paper's syllabus into any question paper. Students cannot claim that the Question is out of syllabus. As it is only for the placement sake, the distribution has been done.
- 7) Use a common answerbook for all sections.

Section "A" (40 Marks)

1. Short answer question (**any five** out of six) : (5x5=25)
 - a) Causes of anemia in pregnancy.
 - b) Essential care of newborn.
 - c) HELLP syndrome.
 - d) Objectives of antenatal care.
 - e) Management of puerperial pyrexia.
 - f) Pitocin.

2. Long answer question (**any one** out of two) : (1x15=15)
 - a) Define oligohydramnios. Enlist causes of oligohydramnios. Discuss management of oligohydramnios.
 - b) Define normal labour. Enumerate stages of normal labour. Discuss the management of second stage of labour.

Section "B" (35 Marks)

3. Short answer question (**any four** out of five) : (4x5=20)
 - a) Management of threatened abortion.
 - b) Episiotomy.
 - c) Dysmenorrhoea.
 - d) Prevention of H.I.V in newborn
 - e) Care of unmarried mother.

P.T.O.

4. Long answer question (**any one** out of two) :

(1x15=15)

- a) Define pregnancy induced hypertension (PIH). Enlist causes of P.I.H. Discuss management of preeclampsia.
 - b) Define puerperium. Enlist complications of postpartum haemorrhage. Describe management of Postpartum haemorrhage.
-

Fourth Basic B.Sc. Nursing Examination, Summer 2015
MIDWIFERY AND OBSTETRICAL NURSING

Total Duration : Section A+B = 3 Hours

 - 7) **Use** a common answer book for **all** Sections.

SECTION – A

(40 Marks)

1. Short answer question (**any five** out of six) :

(5x5=25)

- a) Causes of prolonged labour. ²
- b) Antenatal advices. ³
- c) Obstetrical emergencies. ³
- d) Injection anti-D. ³
- e) Bishop Score. ³
- f) Minor ailments in pregnancy.

Handwritten calculations for short answer questions:

$$\begin{array}{r} 15 \\ + 9 \\ + 11 \\ + 8 \\ \hline 43 \end{array}$$

23

2. Long answer question (**any one** out of two) :

(1x15=15)

- a) Define Abortion. Briefly explain the types of Abortion. Discuss the nursing management of case of incomplete abortion.
- b) Define anemia in pregnancy. Explain the classification of anemia and its causes. Describe the management of iron deficiency anemia in pregnancy.

P.T.O.

SECTION - B

(35 Marks)

3. Short answer question (**any four** out of five) :

(4x5=20)

- a) Partograph. 2
- b) Methods of removal of placenta. 11
- c) Prenatal counselling. 2
- d) Causes of Antepartum hemorrhage. 3
- e) Nursing care of preterm baby. 3

4. Long answer question (**any one** out of two) :

(1x15=15)

- a) Define Puerperal sepsis. Explain causes of it. Write the Medical and Nursing management of Puerperal sepsis. 8
- b) Define oligohydramnios. Discuss its effects on the fetus. Brief the nursing management of a client with oligohydramnios. 35

55

62801

Fourth Basic B.Sc. Nursing Examination, Summer 2014
MIDWIFERY AND OBSTETRICAL NURSING

Questions can be asked from any paper's syllabus into any question paper. Students cannot claim that the Question is out of syllabus. As it is only for the placement sake, the distribution has been done.
 - 7) Use a common answer book for all Sections.

SECTION – B

(30 Marks)

2. Answer the following (**any five** out of six) :

(5x3=15)

- a) Biophysical profile
- b) Stages of labour
- c) Complications of multiple pregnancy
- d) Minor ailments in puerperium
- e) Difference between caput succedaneum and cephal hematoma
- f) Prevention of puerperal sepsis

P.T.O.

62801

3. Answer the following (**any three** out of four) :

(3x5=15)

- a) Amniotic fluid embolism
- b) Perineal tear
- c) Pain management in labour
- d) Care of preterm baby

SECTION – C

(30 Marks)

4. Answer the following (**any two** out of three) :

(2x15=30)

- a) Define pre eclampsia. List down the diagnostic criteria of pre eclampsia. Describe the clinical features of pre eclampsia. Discuss the nursing management of pre eclampsia.
- b) What do you understand by malpresentation ? What are the different types of breech presentation ? How can you diagnose breech presentation ? How can you manage breech delivery as a midwife ?
- c) Define anemia in pregnancy. Explain the classification of anemia and its causes. Describe the management of anemia in pregnancy.

52301

Fourth Basic B.Sc. Nursing Examination, Summer 2013
MIDWIFERY AND OBSTETRICAL NURSING

Total Duration: Section A + B + C = 3 Hours

Section B & C Marks: 60

SECTION – B & SECTION – C

- Instructions:**
- 1) All questions are compulsory.
 - 2) The number to the right indicates full marks.
 - 3) Draw diagrams wherever necessary.
 - 4) Do not write anything on the blank portion of the question paper. If written anything, such type of act will be considered as an attempt to resort to unfair means.

SECTION – B
(SAQ)

2. Answer the following (any five out of six) :

(5×3=15)

- a) Cu T
- b) MSV Technique
- c) Complications of post dated pregnancy
- d) Oxytocin
- e) Neonatal Assessment
- f) Define contraceptive

3. Write short answer on (any three out four) :

(3×5=15)

- a) Management of HIV +ve mother in labour
- b) Abruptio placental
- c) Pantograph
- d) Physiology of lactation

P.T.O.

62801

SECTION – C

Answer any two out of three :

(2×15=30)

4. Mrs. Rani, 22 yr. old primi-gravidae reported to labour room with H/O 38 wks amenorrhea and lower abdominal pain with leaking of amniotic fluid per vaginum.
- a) Define labour. 2
 - b) Explain the mechanism of LOA. 5
 - c) Discuss intrapartum nursing care plan for Mrs. Rani. 8
5. a) What Rh incompatibility ? 2
- b) List the maternal and foetal complications. 5
 - c) Discuss the management of a second gravida women at 28 weeks of POG. 8
6. Mrs. Meera, 23 yr. old primi gravidae is admitted to maternity ward with H/O 34 weeks amenorrhoea and diagnosis of PIH.
- a) What is PIH ? Classify PIH. 3
 - b) Enumerate the clinical features of Eclampsia. 4
 - c) Discuss the short term nursing care of Mrs. Meera. 8
-

62801

Fourth Basic B.Sc. Nursing Examination, Winter 2012
MIDWIFERY AND OBSTETRICAL NURSING

Section B & C Marks : 60

SECTION – B & SECTION – C

Instructions: 1) *All questions are compulsory.*

2) *The number to the right indicates full marks.*

3) *Draw diagrams wherever necessary.*

4) *Do not write anything on the blank portion of the question paper. If written anything, such type of act will be considered as an attempt to resort to unfair means.*

SECTION – B

1. Answer the following (any five out of six) :

(5×3=15)

- Functions of placenta
- Injection Anti D
- Pitocin
- Involution of the uterus
- Trial Labour
- Tubectomy.

2. Answer the following (any three out of four) :

(3×5=15)

- Methods of Removal of placenta
- Foetal circulation
- Normal Labour
- Apgar Score.

P.T.O.

62801

SECTION – C

4. Write long answers (**any two** out of three) : (2×15=30)
- A) 1) List the types and indications of caesarean section. 4
- 2) Describe the pre-operative and post-operative care of patient undergoing caesarean section. 7
- 3) Write the common complications of caesarean section and its management. 4
- B) 1) Explain Ante partum haemorrhage and list down signs and symptoms of placenta praevia. 5
- 2) Write the classification of Antepartum haemorrhage. 5
- 3) Describe the management of Antepartum haemorrhage. 5
- C) 1) Define Ectopic Gestation and its common sites. 3
- 2) Explain signs and symptom of Ectopic Gestation. 5
- 3) Write the management of Ectopic Gestation. 7
-

62803

**Fourth Basic B.Sc. Nursing Examination, Summer 2012
MANAGEMENT OF NURSING SERVICES AND EDUCATION**

Total Duration: Section A + B + C = 3 Hours

Section B & C Marks: 60

SECTION – B & SECTION – C

- Instructions :**
- 1) **All questions are compulsory.**
 - 2) **The number to the right indicates full marks.**
 - 3) **Draw diagrams wherever necessary.**
 - 4) **Do not write anything on the blank portion of the question paper. If written anything, such type of act will be considered as an attempt to resort to unfair means.**

SECTION – B

(SAQ)

2. Answer the following (any five out of six) : (5×3=15)
- a) Nursing rounds
 - b) Case study method
 - c) Nursing audit
 - d) Job description
 - e) Factors affecting learning
 - f) Supervision
3. Answer the following (any three out of four) : (3×5=15)
- a) Records and reports
 - b) Inventory control
 - c) Evaluation method
 - d) Inservice education

SECTION – C

(LAQ)

4. Write long answers (any two out of three) : (2×15=30)
- a) Describe functions of curriculum. Discuss the factors influencing development of curriculum.
 - b) Explain the factors influencing and management. Explain the methods of patient case assignments in wards.
 - c) Define evaluation, write down the purposes of evaluation in nursing. Which are the principles to be kept in mind before evaluation ?

62801

Fourth Basic B.Sc. Nursing Examination, Winter 2011
MIDWIFERY AND OBSTETRICAL NURSING

Total Duration: Section A + B + C = 3 Hours

Section B & C Marks : 60

SECTION - B & SECTION - C

- Instructions :*
- 1) *All questions are compulsory.*
 - 2) *The number to the right indicates full marks.*
 - 3) *Draw diagrams wherever necessary.*
 - 4) *Do not write anything on the blank portion of the question paper. If written anything, such type of act will be considered as an attempt to resort to unfair means.*

SECTION - B

2. Answer the following (any five out of six) : (5×3=15)
- a) Non-stress test
 - b) Indicators for caesarean section
 - c) Partogram
 - d) Diet in pregnancy
 - e) Assisted reproductive technology in infertility
 - f) Advantages of partogram.
3. Answer the following (any three out of four) : (3×5=15)
- a) Lactation
 - b) Prevention of anemia in pregnancy
 - c) Antenatal assessment for twins pregnancy
 - d) Difference between placenta praevia and abruptio placenta.

P.T.O.

SECTION - C

4. Write long answers (any two out of three) : (2×15=30)
- A) 1) List down various abnormal presentations. 2
- 2) Discuss events (physiological changes) occurring in second stage of labour. 5
- 3) Explain management of third stage of labour. 8
- B) 1) Write immediate assessment of newborn. 4
- 2) List down immediate needs of newborn. 4
- 3) Make nursing care plan to meet immediate needs of newborn according to priority. 7
- C) 1) What is pregnancy induced hypertension ? 2
- 2) Discuss effects of PIH on fetus and mother. 5
- 3) Write antenatal management of a mother with PIH. 8
-

62801

Fourth Basic B.Sc. Nursing Examination, May/June 2011
MIDWIFERY AND OBSTETRICAL NURSING

Total Duration : Section A + B + C = 3 Hours

Section B & C Marks : 60

SECTION - B & SECTION - C

Instructions: 1) All questions are compulsory.

2) The number to the right indicates full marks.

3) Draw diagrams wherever necessary.

4) Do not write anything on the blank portion of the question paper. If written anything, such type of act will be considered as an attempt to resort to unfair means.

SECTION - B

2. Answer the following (any 5 out of 6) :

(5×3=15)

- Clinical significance of Amniotic fluid
- Hormonal contraception
- Non stress test
- Causes of Post partum Haemorrhage
- Difference of oxytocins and Ergot derivatives
- Supine Hypotension.

3. Answer the following (any 3 out of 4) :

(3×5=15)

- Fetal Circulation
- Prolong labour management
- Nursing care of low birth weight babies
- Safe Motherhood.

P.T.O.

SECTION--C

4. Attempt any 2 LAQ out of 3 :

(2×15=30)

- A) Mrs. Kavita, primigravida admitted in labour ward with frequent uterine contractions, P.V. Examination cervix 2.5 cms dilated.
- 1) Define first stage of Labour. 2
 - 2) Explain physiological events of first stage of labour. 4
 - 3) Describe the components of Partograph. 4
 - 4) Write the Nursing care plan for five priority Nursing diagnosis for Mrs. Kavita. 5
- B) Mrs. Laxmi admitted to postnatal ward, one hour after delivery.
- 1) Define period of Puerperium. 2
 - 2) Write immediate assessment to be done for Mrs. Laxmi. 4
 - 3) Postnatal care and advices that you would give to Mrs. Laxmi; Mention briefly. 4
 - 4) Write Nursing care plan for 5 priority nursing diagnosis for Mrs. Laxmi. 5
- C) 1) Define the term Placenta Praevia. 2
- 2) Describe the types of placenta Praevia. 3
 - 3) Difference between Abruptio Placentae and Placenta Praevia. 4
 - 4) Write the management of Placenta Praevia. 6

62801

Fourth Basic B.Sc. Nursing Examination, May/June 2010
MIDWIFERY AND OBSTETRICAL NURSING

Total Duration: Section A + B + C = 3 Hours

Section B & C Marks: 60

SECTION - B & SECTION - C

- Instructions:*
- 1) All questions are compulsory.
 - 2) The number to the right indicates full marks.
 - 3) Draw diagrams wherever necessary.
 - 4) Do not write anything on the blank portion of the question paper. If written anything, such type of act will be considered as an attempt to resort to unfair means.

SECTION - B
(SAQ)

2. Answer the following (any five out of six) :

(5×3=15)

- ✓ a) USG in obstetrics
- b) Causes of IUGR
- ✓ e) Emergency contraception
- ✓ d) Nursing responsibilities in administration of oxytocin drip
- ✓ e) Feeding of high risk neonates
- ✓ f) Stages of normal labour.

3. Answer the following (any 3 out of 4) :

(3×5=15)

- ✓ a) Maternal mortality and morbidity
- ✓ b) Etiology and diagnosis of foetal distress
- ✓ e) HIV in pregnancy
- d) Diet in pregnancy.
- e) Causes of infertility.

P.T.O.

SECTION - C

(LAQ)

4. Attempt any two LAQ out of three : (2×15=30)
- i) a) Define normal labour. (1×2=2)
- b) Discuss the principal factors in initiation of labour. (1×5=5)
- c) Discuss the role and responsibilities of nurse midwife in first and second stage of labour. (1×8=8)
- ii) a) Define anaemia in pregnancy. (1×2=2)
- b) Write the etiological factors of anaemia in pregnancy. (1×5=5)
- c) Discuss the antenatal, intranatal and postnatal management of primigravida with anaemia in pregnancy. (1×8=8)
- iii) a) Define puerperium. (1×2=2)
- b) List the physiological changes occurs during puerperium. (1×5=5)
- c) Write the nursing management of woman during puerperial period. (1×8=8)
-

628

Fourth Basic B.Sc. Nursing Examination, Nov./Dec. 2010
MIDWIFERY AND OBSTETRICAL NURSING

Total Duration: Section A + B + C = 3 Hours

Section B & C Marks: 60

SECTION - B & SECTION - C

- Instructions:*
- 1) All questions are compulsory.
 - 2) The number to the right indicates full marks.
 - 3) Draw diagrams wherever necessary.
 - 4) Do not write anything on the blank portion of the question paper. If written anything, such type of act will be considered as an attempt to resort to unfair means.

SECTION - B

Short answer questions :

2. Answer the following (any 5 out of 6) : (5×3=15)
- a) Episiotomy
 - b) Oxytocin
 - c) Bishop's Score
 - d) Infant Mortality rate
 - e) Cord Presentation
 - f) Puerperal sepsis.
3. Answer the following (any 3 out of 4) : (3×5=15)
- | | |
|--|---|
| <input checked="" type="checkbox"/> a) Obstetric Emergencies | <input checked="" type="checkbox"/> b) Prolonged labour |
| c) Injuries of birth canal | d) Complication of third stage of labour. |

SECTION - C

4. Attempt any 2 LAQ out of 3 : (2×15=30)
- A) 1) Define Abortion. 2
2) List down the types of Abortion. 5
3) Explain the Nursing Management of the case of inevitable abortion. 8
- B) 1) Define Puerperium. 2
2) Explain anatomical changes of uterus during puerperium. 3
3) List the causes of Puerperal sepsis. 3
4) Write the Medical and Nursing Management of Puerperal Sepsis. 7
- C) 1) Define PIH. 2
2) Write the clinical manifestation of PIH. 3
3) Write the complications of severe preeclampsia. 3
4) Write the management of PIH mother. 7

62401

Fourth B.Sc. Nursing Examination, November/December 2009
GYNAECOLOGICAL NURSING AND MIDWIFERY

Total Duration: Section A + B + C = 3 Hours

Section B & C Marks: 60

SECTION - B & SECTION - C

- Instructions:*
- 1) All questions are compulsory.
 - 2) The number to the right indicates full marks.
 - 3) Draw diagrams wherever necessary.
 - 4) Do not write anything on the blank portion of the question paper. If written anything, such type of act will be considered as an attempt to resort to unfair means.

SECTION - B

2. Answer the following (any five out of six) : (5×6=30)
- a) Diet in Pregnancy.
 - b) Role of the nurse in the prevention of maternal mortality.
 - c) Effect of anemia on pregnancy.
 - d) Dysmenorrhoea.
 - e) Asphyxia neonatorum.
 - f) Postnatal care.

SECTION - C

3. a) What are the causes of Occipito Posterior Position (OPP) ? 2
b) How will you diagnose OPP ? 3
c) How will you manage a case of OPP during the second stage of labour ? 10
4. a) Define 'Puerperium'. 1
b) Define Puerperal sepsis. 2
c) Enumerate the pathogenic microorganism which cause the sepsis and the major pathology. 2
d) How will you diagnose puerperal sepsis ? 4
e) Discuss in detail the medical management and the nursing management of a mother with puerperal sepsis. 6

SECTION - B & SECTION - C

- Instructions :** 1) All questions are compulsory.
2) The number to the right indicate full marks.
3) Draw diagrams wherever necessary.
4) Do not write anything on the blank portion of the question paper. If written anything, such type of act will be considered as an attempt to resort to unfair means.

SECTION - B

(SAQ)

2. Answer the following (any five out of six) : (5×6=30)
- a) Management of Normal Puerperium
 - b) Birth Injuries
 - c) Infertility
 - d) Labour room asepsis
 - e) MTP in II trimester of pregnancy
 - f) USG in Obstetrics.

SECTION - C

(LAQ)

3. Mrs. Seeta, 50 years old is admitted in gynaec ward with genital prolapse and is posted for vaginal hysterectomy.
- a) Classify genital prolapse 2
 - b) Explain the etiological factors 3
 - c) Discuss the management and nursing care to be given to Mrs. Seeta. 10
- 15
4. a) Define Postpartum hemorrhage. 1
- b) List the causes of Primary Post partum hemorrhage. 2
 - c) State the preventive measures that can be taken. 2
 - d) Describe the management of PPH. 4
 - e) Develop a nursing care plan for any two priority nursing problem. 6
- 15

Fourth Year B.Sc. Nursing Examination, May 2002
GYNAECOLOGICAL NURSING AND MIDWIFERY

Date : 21-5-2002
Time : 2.30 p.m. to 5.30 p.m.

Total Marks : 75

SECTION - B

Marks : 30

I. Answer the following (any five) :

(6x5)

- a) Post Partum Hemorrhage
- b) Hydatidiform mole 190
- c) Induction of labour 522
- d) Ventouse 580
- e) Ante-natal care 94
- f) Temporary methods of family planning 534

SECTION - C

Marks : 30

- II. a) Define abortion. 158 2
- b) Classify the types of abortion. 3
- c) Discuss in detail the management of threatened abortion. 10
- III. a) Define uterovaginal prolapse. 1
- b) List the types of utero-vaginal prolapse, 2
- c) What are degrees of uterine prolapse ? 2
- d) Enumerate the clinical features of uterine prolapse. 4
- e) Discuss in detail the pre and post operative management of a patient undergoing vaginal hysterectomy. 6

Handwritten notes and a small circular stamp at the top of the page.

**Fourth Year B.Sc. Nursing Examination, May 2002
GYNAECOLOGICAL NURSING AND MIDWIFERY**
