 - 2) **Do not** write anything on the **blank portion of the question paper**. If written anything, such type of act will be considered as an attempt to resort to unfair means.
 - 3) **All questions are compulsory.**
 - 4) The number to the **right** indicates **full marks**.
 - 5) Draw diagrams **wherever** necessary.
 - 6) Distribution of syllabus in Question Paper is only meant to cover entire syllabus within the stipulated frame. The Question paper pattern is a mere guideline. Questions can be asked from any paper's syllabus into any question paper. Students cannot claim that the Question is out of syllabus. As it is only for the placement sake, the distribution has been done.
 - 7) Use a common answer book for all sections.

SECTION - "A" (40 Marks)

1. Short answer question (any five out of six) : [5 × 5 = 25]
- a) Prolapsed Disc.
 - b) Dysmenorrhea.
 - c) Nursing management of patient with reconstructive surgery.
 - d) Malabsorption syndrome.
 - e) Phlebotomy.
 - f) Types of neoplasm.

2. Long answer question (**any one** out of two) : [1 × 15 = 15]
- a) Define Liver cirrhosis. List down causes of cirrhosis. Enumerate the clinical features of cirrhosis. Draw nursing care plan for patient of cirrhosis .
 - b) Define Benign prostatic hypertrophy. Describe clinical features in relation with pathophysiology of BPH. Explain medical and surgical management of BPH. Draw nursing care plan for patient with BPH.

SECTION - "B" (35 Marks)

3. Short answer question (**any four** out of five) : [4 × 5 = 20]
- a) Acute Abdomen.
 - b) Peritoneal Dialysis.
 - c) Nursing management of patient with Psoriasis.
 - d) Functioning of blood bank.
 - e) Fluid and electrolyte imbalance.
4. Long answer question (**any one** out of two) : [1 × 15 = 15]
- a) Define Hypertension. Enlist causes and types of hypertension. Describe pathophysiology of hypertension. Explain lifestyle modifications with hypertension.
 - b) Mr. Sushant 48 years old admitted in respiratory care unit with diagnosis of COPD. State the features of COPD. Explain in detail about diagnostic findings of COPD. State mechanism of ventilator. Write responsibility of nurses in breathing exercises.

First P.B. B.Sc. Nursing Examination, (Phase - II) Summer - 2022
MEDICAL AND SURGICAL NURSING

Total Duration : 3 Hours

Total Marks : 75

- Instructions :**
- 1) Use **blue/black** ball point pen only.
 - 2) **Do not** write anything on the **blank portion of the question paper**. If written anything, such type of act will be considered as an attempt to resort to unfair means.
 - 3) **All questions are compulsory.**
 - 4) The number to the **right** indicates **full marks**.
 - 5) Draw diagrams **wherever** necessary.
 - 6) Distribution of syllabus in Question Paper is only meant to cover entire syllabus within the stipulated frame. The Question paper pattern is a mere guideline. Questions can be asked from any paper's syllabus into any question paper. Students cannot claim that the Question is out of syllabus. As it is only for the placement sake, the distribution has been done.
 - 7) Use a common answerbook for all sections.

SECTION 'A' (40 Marks)

1. Short answer questions (**any five** out of six) : [5 × 5 = 25]
 - a) Parkinson's disease.
 - b) Nursing Care of patients on ventilator.
 - c) Cardiopulmonary resuscitation.
 - d) Wound care in Burn.
 - e) TNM Classification.
 - f) Anemia.

2. Long answer questions (**any one** out of two) : [1 × 15 = 15]
 - a)
 - i) Define COPD.
 - ii) Explain the pathophysiology & list the clinical features of COPD.
 - iii) Write the medical and surgical management of COPD.

- b) i) Define Diabetes mellitus.
ii) Explain the pathophysiology of Diabetes mellitus.
iii) Describe the management of the patient with Diabetes mellitus.

SECTION 'B' (35 Marks)

3. Short answer questions (Solve any 4 out of 5) : [4 × 5 = 20]
- a) Medical Management of Glaucoma.
 - b) National AIDS control programme.
 - c) Epistaxis.
 - d) Alopecia and its management.
 - e) Osteoporosis.
4. Long answer questions (Solve any 1 out of 2) : [1 × 15 = 15]
- a) i) Define Cirrhosis of the Liver.
ii) State the etiological factors and clinical manifestations of Cirrhosis of the Liver.
iii) Enlist the nursing diagnosis and write a nursing care plan for two priority problems.
 - b) i) Define Acute renal failure.
ii) Explain the pathophysiology of Acute renal failure.
iii) Write down the nursing management with two priority nursing diagnosis.

First P.B.B.Sc. Nursing Examination, (Phase - III) Winter - 2021

MEDICAL AND SURGICAL NURSING

Total Duration : 3 Hours

Total Marks : 75

- Instructions :**
- 1) Use blue/black ball point pen only.
 - 2) Do not write anything on the blank portion of the question paper. If written anything, such type of act will be considered as an attempt to resort to unfair means.
 - 3) All questions are compulsory.
 - 4) The number to the right indicates full marks.
 - 5) Draw diagrams wherever necessary.
 - 6) Distribution of syllabus in Question Paper is only meant to cover entire syllabus within the stipulated frame. The Question paper pattern is a mere guideline. Questions can be asked from any paper's syllabus into any question paper. Students cannot claim that the Question is out of syllabus. As it is only for the placement sake, the distribution has been done.
 - 7) Use a common answer book for all Sections.

SECTION - "A" (40 Marks)

1. Short answer question (any five out of six): [5×5=25]
 - a) Premenstrual syndrome.
 - b) Pathophysiology of malignant process.
 - c) Nursing management of patients with dislocation.
 - d) Unconsciousness. No change.
 - e) Psoriasis.
 - f) Nursing management of patients with ^{urinary} incontinence.
2. Long answer question (any one out of two): [1×15=15]
 - a) Define hemorrhagic stroke:
Explain the pathophysiology of hemorrhagic stroke.
Enlist the clinical manifestation of hemorrhagic stroke.
State nursing management of patients with hemorrhagic stroke.
 - b) Define burns and enlist types of burns.
Explain characteristics of burns according to depth.
Explain management of burn injury.
Draw nursing care plan for patients with reconstructive surgery.

61308

SECTION - "B" (35 Marks)

3. Short answer question (any four out of five): [4×5=20]
- a) Deviated Nasal Septum.
 - b) Bio safety and waste management in relation to blood transfusion.
 - c) Nursing management of patients with shock.
 - d) Acute abdomen.
 - e) Medical management of Iron deficiency anemia.
4. Long answer question (any one out of two): [1×15=15]
- a) Define hepatitis.
Enlist the types of hepatitis and briefly explain about Hepatitis B.
Explain dietary management of hepatitis.
Draw nursing diagnosis of patient with hepatitis as per priority.
 - b) Define cataract.
Enlist clinical manifestation of cataract.
Explain surgical management of cataract.
Explain post operative nursing management of patients with lens replacement.

First P.B.B.Sc. Nursing Examination, Summer - 2021
MEDICAL AND SURGICAL NURSING

Total Duration : 3 Hours

Total Marks : 75

- Instructions :**
- 1) Use **blue/black** ball point pen only.
 - 2) Do not write anything on the **blank portion of the question paper**. If written anything, such type of act will be considered as an attempt to resort to unfair means.

Questions can be asked from any paper's syllabus into any question paper. Students cannot claim that the Question is out of syllabus. As it is only for the placement sake, the distribution has been done.
 - 7) Use a common answer book for all sections.

SECTION - "A" (40 Marks)

1. Short answer question (**any five out of six**) : [5 × 5 = 25]
 - a) Differentiate between acute and chronic illness.
 - b) Intra-Aortic Balloon Pump (IABP).
 - c) Nursing management of patient undergoing tonsillectomy.
 - d) TNM classification.
 - e) Post operative care after cataract surgery.
 - f) Nursing responsibilities in Digoxin administration.

2. Long answer question (**any one out of two**) : [1 × 15 = 15]
 - a) Differentiate between hypothyroidism and hyperthyroidism.
State emergency management in thyroid storm.
Based on two priority nursing diagnosis develop nursing care plan after thyroidectomy.
 - b) Enumerate the classification of burn injuries.
Discuss the fluid management of patient with 50% burns first 24 hours.
Write care plan for any three priority nursing diagnosis.

SECTION - "B" (35 Marks)

3. Short answer question (**any four** out of **five**) : [4 × 5 = 20]

- a) Prevention of hepatitis.
- b) Complications of peritoneal dialysis.
- c) Nursing management of client with water seal drainage.
- d) Advantages of intracranial pressure monitoring.
- e) Management of hypovolemic shock.

4. Long answer question (**any one** out of **two**) : [1 × 15 = 15]

- a) What is cirrhosis of liver? State the different types.

Write etiology and the signs and symptoms of cirrhosis of liver.

Write the nursing management and explain two priority nursing diagnosis.

- b) Write the risk factors of intestinal obstruction.

State the clinical manifestations of this disease.

Based on two priority nursing diagnosis, develop short-term nursing care plan during pre-operative period.

First P.B.B.Sc. Nursing Examination, Winter 2020
MEDICAL AND SURGICAL NURSING

Total Duration : Section A + B = 3 Hours

Total Marks : 75

SECTION - A & SECTION - B

- Instructions :**
- 1) Use blue/black ball point pen only.
 - 2) Do not write anything on the blank portion of the question paper. If written anything, such type of act will be considered as an attempt to resort to unfair means.
 - 3) All questions are compulsory.

Questions can be asked from any paper's syllabus into any question paper. Students cannot claim that the Question is out of syllabus. As it is only for the placement sake, the distribution has been done.
 - 7) Use a common answerbook for all sections.

SECTION - "A" (40 Marks)

1. Short answer question (any five out of six): [5 × 5 = 25]
- a) Explain theories of causation of illness.
 - b) Thalassemia.
 - c) Osteoporosis.
 - d) Nasal Polyp.
 - e) Head injury.
 - f) Tetanus.

61308

2. Long answer question (any one out of two): [1 × 15 = 15]
- a) 58yrs old client Mr. Giridhar working in coal mine admitted with exacerbation of COPD.
- i) Define COPD [2]
 - ii) Explain causes and clinical manifestation of COPD [5]
 - iii) Plan the care for Mr. Giridhar as per priority. [6]
 - iv) Health Education for Mr. Giridhar [2]
- b) Mrs. Asha 35yrs old, housewife admitted in female medical ward diagnosed as HIV positive.
- i) Define HIV & AIDS [2]
 - ii) Causes of AIDS [3]
 - iii) Explain AIDS Pathophysiology with clinical manifestations. [5]
 - iv) Plan comprehensive nursing care for Mrs. Asha. [5]

SECTION - "B" (35 Marks)

3. Short answer question (any four out of five): [4 × 5 = 20]
- a) Hiatus Hernia.
 - b) Administration of chemotherapy.
 - c) Principles of emergency management.
 - d) Discuss Abuses to elderly clients and their care.
 - e) Explain Role of Industrial Nurse.
4. Long answer question (any one out of two): [1 × 15 = 15]
- a) Mr. Raghav 55yrs old farmer, admitted with diagnosis of Buccal mucosa cancer.
- i) Define cancer. [2]
 - ii) List etiology and clinical manifestation of cancer. [5]
 - iii) Explain management of cancer in Mr. Raghav. [6]
 - iv) List Prevention of oral cancer? [2]
- b) Mrs. Akanksha admitted with 72% burns (based on rule of nine)
- i) Define and classify Burns. [3]
 - ii) Write Pathophysiology of Burns with clinical manifestation. [5]
 - iii) Management of Mrs. Akankshas. [7]

**First P.B.B.Sc. Nursing Examination, Summer
(Phase - III : All Other Remaining UG/PG Courses) - 2020
MEDICAL AND SURGICAL NURSING**

Total Duration : 3 Hours

Total Marks : 75

SECTION - A & SECTION - B

- Instructions :**
- 1) Use **blue/black** ball point pen only.
 - 2) **Do not write anything on the blank portion of the question paper.** If written anything, such type of act will be considered as an attempt to resort to unfair means.
 - 3) **All questions are compulsory.**

Questions can be asked from any paper's syllabus into any question paper. Students cannot claim that the Question is out of syllabus. As it is only for the placement sake, the distribution has been done.
 - 7) Use a common answer book for all sections.

SECTION - A (40 Marks)

1. Short answer question (**any five** out of six) : [5 × 5 = 25]
 - a) Nursing management of client with Hypertensive crisis.
 - b) Role of nurse in blood transfusion.
 - c) Nursing management of client with Unconsciousness.
 - d) Nursing management of client with Organo-phosphorus poisoning.
 - e) Biomedical waste management.
 - f) Post operative nursing management with cataract surgery.

2. Long answer question (**any one** out of two): [1 × 15 = 15]
 - a) Mr. Y 62 years male admitted with complaints of weakness in left side, slurred speech, sudden severe headache and diagnosed with Cerebrovascular accident. Answer the following questions.
Define Cerebrovascular accident.
Explain the pathophysiology of Cerebrovascular accident.
Write down nursing management with two priority nursing diagnosis of client with Cerebrovascular accident.

61308

- b) Mr. X 65 years male admitted in medicine ward, diagnosed with COPD.
Answer the following questions.
Define COPD.
Enumerate the etiology & clinical Manifestations of COPD.
Write down the nursing management with two priority nursing diagnosis
of client with COPD.

SECTION - B (35 Marks)

3. Short answer question (any four out of five): [4 × 5 = 20]
- a) TNM classification.
 - b) Nursing care of client with Total knee replacement.
 - c) Insulin therapy.
 - d) Nursing management of client with Intra-aortic balloon pump.
 - e) Breast self examination.
4. Long answer question (any one out of two) : [1 × 15 = 15]
- a) Mrs. B 55 years old female admitted in ICU with complaints of fatigue, shortness of breath, palpitation and diagnosed with CCF. Answer the following questions.
Define CCF.
Explain the pathophysiology of CCF.
Write nursing management of client with CCF.
 - b) Ms. B admitted in ENT ward, diagnosed with otitis media. Answer the following questions.
Define Otitis media.
Enlist the causes and clinical manifestation of otitis media.
Write down nursing management with two priority nursing diagnosis of client with otitis media.

**First P.B.B.Sc. Nursing Examination, Summer (Phase - II) 2019

(40 Marks)

1. Short answer question (**any five** out of six) : (5x5=25)
 - a) Care of unconscious patient
 - b) Cardiac tamponade
 - c) Pathophysiology of burns
 - d) Nurses role for a patient receiving chemotherapy
 - e) Defibrillation
 - f) Nursing management of patient with acute asthmatic attack.

2. Long answer question (**any one** out of two) : (1x15=15)
 - a) List down causes of Ca Larynx.
Describe clinical manifestation of Ca Larynx.
Write care of patient with tracheostomy.
Write nursing care plan for two nursing diagnosis for a patient who has undergone laryngectomy.

P.T.O.

61308

- b) Define Congestive Cardiac failure Enlist causes of CCF.
Write clinical manifestations of CCF.
Explain medical and nursing management of CCF.

SECTION – B

(35 Marks)

3. Short answer question (**any four** out of five) :

(4x5=20)

- Functioning of blood bank
- Care of patient with below knee amputation
- Role of nurse in care of elderly
- Nursing care of a client after cataract surgery
- Acne vulgaris.

4. Long answer question (**any one** out of two) :

(1x15=15)

- Mr X is admitted in neurology unit with Cerebro vascular accident.
Write causes of stroke.
Describe clinical manifestation of Cerebro vascular accident.
Write nursing care plan for Mr X with two priority nursing diagnosis.
Write in brief about rehabilitation plan of Mr X.
- Write causes of chronic renal failure.
Write note on hemodialysis.
Describe medical and nursing management of chronic renal failure.
